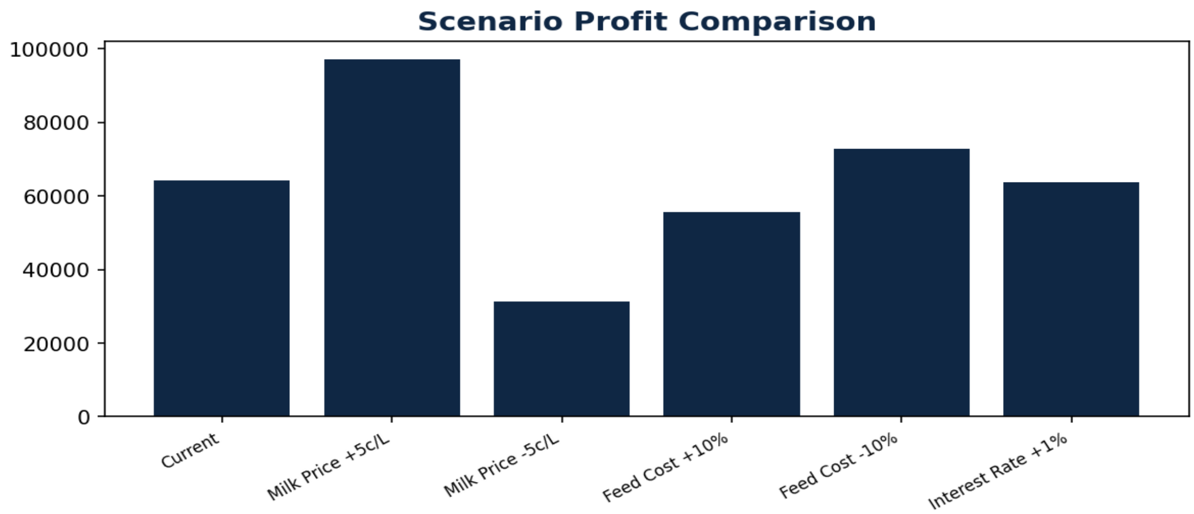
Milk Price -5c/L	€269,200	€31,200	€2,600	Medium
Feed Cost +10%	€302,200	€55,700	€4,642	Medium
Feed Cost -10%	€302,200	€72,700	€6,058	Low
Interest Rate +1%	€302,200	€63,840	€5,320	Low



Risk Dashboard

Liquidity: Good — Based on average monthly cashflow and opening balance.

Profitability: Good — Profit margin is 21.2% on current assumptions.

Debt: Moderate — Loan repayments are 11.9% of revenue.

Cashflow: Good — Average monthly cashflow is €5,350.

Milk Price Exposure: Low — Income is sensitive to milk price changes — test scenarios regularly.

Feed Dependency: Low — Feed represents 28% of revenue.

Operational Efficiency: Good — Measured by margin and cost control across the enterprise.

Expansion Risk: Low — Combines profitability, cash, and debt pressure.

Top Recommended Actions

1. Priority: High

Recommendation: Build a stronger cash reserve before increasing spending.
Estimated Benefit: €5,000 buffer target
Reason: Cash reserves look tight relative to monthly costs.
Expected Benefit: Improved margin resilience and clearer cash planning.

2. Priority: High

Recommendation: Consider using surplus cash to reduce debt or build reserves.
Estimated Benefit: €2,880 interest savings potential
Reason: Profitability is healthy on current assumptions.
Expected Benefit: Improved margin resilience and clearer cash planning.

3. Priority: High

Recommendation: Cash balance is tight and may not cover one month of operating costs.
Estimated Benefit: €5,000 buffer target
Reason: Flagged by your farm forecast.
Expected Benefit: Improved margin resilience and clearer cash planning.

4. Priority: High

Recommendation: Review monthly cashflow and plan for seasonal dips.
Estimated Benefit: €5,000 buffer target
Reason: Routine dairy farm best practice.
Expected Benefit: Improved margin resilience and clearer cash planning.

5. Priority: Medium

Recommendation: Track milk price trends with your processor.
Estimated Benefit: €3,000 estimated impact
Reason: Income sensitivity to milk price is high.
Expected Benefit: Improved margin resilience and clearer cash planning.
